The way you care about me, the way you make me laugh.. the fun we both have together is just the best!!

I wish hum apke saath hote abhi to celebrate you birthday together .. but its fine we'll meet soon.

Baby, you make me the happiest.

The movies, the truth and dars, the endless talks everything about you and with you seems so much better.

You are my other half and I love you so so much I hope you know how much I appreciate everything you do for me and all the time you give me. Seeing you smile makes my entire day. I won't ever stop choosing you, loving you with everything I have.

You are my best friend, my one true love and everything I would ever want and need. Thank you for being you.

Thank you for being in my life and loving me so much.

♥ one night a star exploded
and it split right in two
and each part became a person
one was me and one was you ♥

♥ we shimmered down to Earth
and lived our individual lives
but one day serendipity
decided we'd collide ♥

♥ it was just like I knew something
and yet everything as well
as if we getting to know you
helped me get to know myself ♥

♥ I think the universe intended
and happened it all along
to return me to your ocean
to your face and to your song ♥

♥ see, it's not that you completed me
for I was never half
but it seems the stardust in
our souls
could not be kept apart ♥

Happy Birthday Patutu ♥

- Yours Ghopa Golaa
